

TRELLIDOR BURGLAR GUARD

Trellidor Burglar Guard provides budget-friendly window security in a clean-lined, neat format. It is the perfect choice for homes and offices with lots of windows that need protecting and for windows that don't need sliding security barriers. There is a choice of design options, all of which can be powder coated to blend in with their surroundings.

All Trellidor security barriers are manufactured at our LPCB ISO audited factory. The manufacturing process includes pre-treatment for enhanced corrosion and UV resistance before undergoing powder coating. This helps to retain the quality finish and increases the lifespan of the barrier, making them suitable for both coastal and inland conditions.
