

TRELLIDOR ROLLERSTYLE

Trellidor Rollerstyle aluminium roller shutters provide a neat, compact security solution for doors, windows, patios, bar counters, serving hatches, canteens, medical dispensaries, multi-media conference rooms and many other locations. They lock down the premises and present a formidable obstacle to intruders, making them ideal for any unoccupied premises such as holiday homes. They're also an essential component to creating a safe zone at home and work, where they can be used to cut off a designated area from the rest of the premises. Because they're made from aluminium, they're suitable for any region including coastal areas.

All Trellidor security barriers are manufactured at our LPCB ISO audited factory. The manufacturing process includes pre-treatment for enhanced corrosion and UV resistance before undergoing powder coating. This helps to retain the quality finish and increases the lifespan of the barrier, making them suitable for both coastal and inland conditions.

FEATURES AND BENEFITS

- Custom made for doors, windows and other openings for best fit
- Motor options include solar power, manual over-ride, battery back-up and obstacle sensor
- Super-fast motor option available
- Can be linked into 'smart home' automation systems for integrated security
- Can be retro-fitted or fully incorporated into the design of a new building for seamless security
- Controls include wall mounted panel, hand held and key ring remotes
- Neat, compact shutter box can be recessed in wall or ceiling cavity depending on location
- Rolls up out of sight when not required, leaving floor free of tripping hazards
- Choice of shutter slat styles from solid to punched for varying light and air penetration
- Can assist with internal temperature control and sound insulation

WARRANTY

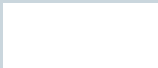

With the correct maintenance, our products will help keep both corrosion and criminals at bay. Ask your Trellidor Security Consultant about our recommended maintenance regime to ensure the validity of the full warranty.

Trellidor, Rollerstyle and The Ultimate Crime Barrier are registered trade marks of Trellidor (Pty) Ltd. As a conscientious consumer please remember that given enough time and the right tools, all security barriers can be breached no matter how well they're constructed. As a responsible manufacturer, however, we endeavour to design, engineer, test and install all our products to give our customers the best possible security barriers the technology at the time allows.
